Marcus Mueller

## DESCRIPTION

Situated on 22-acres and surrounded by panoramic mountains and picturesque vineyards, the resort features 89 contemporary guest studios and suites with complimentary cruiser bicycles and a 130-foot landmark swimming pool. A local favorite and destination for epicureans, the resort is home to Solbar, a six-time Michelin Star-rated restaurant led by the brand's Vice President of Culinary, Chef Brandon Sharp, featuring healthful and indulgent fare from its seasonal, ingredient-driven menus. The award-winning Spa Solage offers 20,000 square feet of health and wellness with 14 treatment rooms, Bathhouse with geo-thermal soaking pools, state-of-the-art gym and a Yoga & Movement Studio with complimentary daily fitness classes. Since opening in 2007, Solage has garnered numerous industry awards, including recent appearances on the Condé Nast Traveler 2014 Gold List and Travel + Leisure's 2014 World's Best Awards. In early 2015, Solage completed a series of property enhancements which expanded Spa Solage & Solbar, overall upgrading the guest experience in a way that truly defines modern luxury and is in every sense Solage.

## INTERIOR DESIGN

Interiors were designed by San Francisco firm Dowling Kim Studios, former protégées of Michael Graves. The resort's design interprets the valley's rural heritage in a fresh style described as "Napa Barn meets San Francisco loft."

## ARCHITECTURE

Designed by renowned Napa Valley architect Howard Backen.

## RATES

Rates are from \$375 to \$1,000 nightly.

## ACCOMODATIONS

The resort's 89 spacious rooms and suites - known as "studios" - feature open floor plans, warm color palettes, stone showers with pebble flooring and fresh contemporary furnishings. Studios offer from 515 to 675 square feet of space and feature vaulted ceilings and sliding glass doors leading to outdoor private patios with sweeping views of the Palisades and Mayacamas Mountains. All studios include high-tech perks such as complimentary WiFi, flat-screen televisions and iPod docking stations, and special touches such as Italian linens, down bedding and Sumbody all-natural artisan bath amenities. Select studios will feature soaking tubs and fireplaces. The resort also offers six spacious one-bedroom suites featuring a separate bedroom and living room; soaking tub and steam shower; private patio and outdoor jacuzzi. Guests staying in the suites can enjoy complimentary private poolside cabanas, wired and stocked with refreshments.

## RESORT DINING

Solbar offers dichotomous menu of fresh, healthful entrees and rich comfort food featuring the best of season ingredients in an indoor-outdoor setting. With VP of Culinary, Chef Brandon Sharp at the helm in the kitchen, Solbar has received one coveted Michelin star for six consecutive years, 2010-2015. Spacious outdoor terraces invite guests outdoors to dine or relax with drinks by fire pits and bocce courts while taking in views of the nearby mountains and vineyards. In-room, take-out and poolside service are available.

## THE SPA

The full-service 20,000 square-foot Spa Solage, which includes both indoor and outdoor space, offers a contemporary alternative to the typical serene spa experience. Guests are invited to step out of their comfort zone and indulge in Spa Solage's signature MudSlide, a series of mud treatments and soaks in spring-fed pools. For those a little less adventurous, there are 14 treatment rooms to experience a variety of massages and body treatments. Two of these rooms are dedicated to offering Kate Somerville treatments, famed skincare consultant to the stars that has pioneered the field of paramedical esthetics and helped lay the foundation for the medi-spa industry. The spa also features two couple's rooms with outdoor soaking tubs and showers with garden patios and day beds designed for two. In early 2015, Spa Solage completed a multi-million dollar renovation that included an additional 2,500 square-foot expansion to the reception building, a relaxation lounge, expanded locker rooms and overall redesign of the interior décor. The treatment menu offers a variety of offerings, including a Solage on the Rocks Massage, Lava Colada Exfoliation and Fuzzy Navel Body Peel. In addition to offering beauty services such as Magic Tan self-tanning, waxing and nail services, Spa Solage features a gym and movement studio for Pilates, yoga and spinning classes. The spa hosts ongoing wellness and alternative health and beauty retreats throughout the year.

## CLIMATE

Strongly influenced by the "built-in" air conditioning of San Francisco Bay, Napa Valley enjoys a smog-free climate of gentle moderation. The Valley's average annual temperature is 70 degrees.

## ENVIRONMENTAL FOCUS

Solage takes a green approach to pampering its guests and incorporates a variety of environmentally focused practices throughout the resort, from the use of bicycles, electric vehicles, solar panels and environmentally safe cleaning products to locally-sourced food, environmentally sustainable landscaping, recycling and water reclamation.

## EVENT FACILITIES

The resort has a variety of unique meeting and event spaces, including an event barn with adjacent patios and garden lawn in addition to two private meeting rooms. Meeting spaces accommodate from 10 to 200 people.

## RESORT ACTIVITIES

During the day, guests can choose from a variety of activities in the gym and movement studio, such as spinning, yoga, Pilates, core training, Boot Camp and cardio boxing classes. Outdoors, guests can enjoy body sculpting aqua classes, water yoga, bocce, or just relaxing in the 130-foot swimming pool. Families can enjoy a variety of child-friendly amenities, such as the children's pool, kids' hopscotch courts and outdoor play areas.

In the evening, Solbar transforms into a hip lounge where guests can enjoy live music, cocktails and food. Solage also offers an in-room game menu featuring a selection of popular board games.

## AREA ACTIVITIES

- Wine tasting at more than 270 local wineries
